10. Company Story

Tell us briefly about how your business started and how it has grown over the years.

Every great empire has a humble beginning. The opening scene? A lone dreamer knocking on doors, carrying nothing but a single litre of phenyl and an unshakable belief. We started small—one door, one bottle, one customer at a time. Through pure grit, relentless hard work, and a refusal to back down, that single bottle evolved into a thriving enterprise. Every single chapter of our growth has been earned through sweat, hard work, and your trust . Today, we proudly serve countless customers, but our favourite part of the script? The movie isn't over. The best chapters are still being written.
